

# RITIKA JAIN

## Business Analyst | Product Solutions & Data Analytics | Client Delivery

Delhi NCR, India | [Phone](#) | [Email](#) | [LinkedIn](#) | [Portfolio](#)

### PROFESSIONAL SUMMARY

Business Analyst with 2.5+ years of experience bridging data, product configuration, and client delivery on large-scale technology programmes. Skilled in querying and analysing data with SQL, cleaning and structuring datasets in Excel and Python, and translating business requirements into practical platform solutions. Experienced handling client and stakeholder queries with high accuracy, gathering feedback to inform product and roadmap decisions, and supporting KPI reporting and dashboards for cross-functional and global teams.

### CORE COMPETENCIES

- Data & Analytics: SQL, Advanced Data Analysis, Data Cleaning & Structuring, KPI Reporting, Python, Node.js, MongoDB
- Product & Client Delivery: Requirements Gathering, Functional/Product Requirement Documents (FRDs/PRDs), Product Configuration, Client Query Resolution, Stakeholder Management, Cross-Functional Collaboration
- Process & Agile Delivery: Scrum Framework, SDLC Management, User Stories, UAT Coordination, Roadmap Prioritization, Gap & Root Cause Analysis
- Tools & Platforms: Jira, Figma, Notion, Microsoft Excel (Advanced), Microsoft Office, Canva, Clarity

### PROFESSIONAL EXPERIENCE

#### System Engineer | Tata Consultancy Services, New Delhi, India

December 2023 - Present

Government Defence Finance Digital Transformation Programme (Rs. 1,000+ Cr Programme, 3M+ Beneficiaries)

- Served as primary liaison between government stakeholders, business units, and engineering teams, translating business requirements into practical platform solutions across Agile sprints.
- Queried and analysed payment transaction data using SQL to identify bottlenecks, driving process redesign that improved turnaround time by 35%.
- Extracted, cleaned, and analysed large transaction datasets to validate data quality and support optimisation decisions, yielding an estimated USD 2 million annual operational impact.
- Authored 8+ Functional Requirement Documents (FRDs) and detailed user stories, configuring system enhancements to address evolving stakeholder and end-user needs.
- Handled stakeholder and executive queries with clarity and accuracy, supporting a strategic business case that secured approval for a Rs. 400+ Cr programme expansion.
- Managed KPI reporting and governance dashboards for executive leadership, maintaining a consistent on-time sprint delivery rate of over 98%.

#### Product Consultant Intern | The Stare

October 2023 - November 2023

- Gathered and synthesised feedback from 10+ user interviews and usability testing sessions to inform product roadmap decisions and eliminate friction points.
- Developed a Product Requirements Document (PRD) for the search and discovery module, mitigating scope creep and saving over 200 engineering hours.
- Authored user stories and high-fidelity Figma wireframes, driving a 25% increase in onboarding completion.

#### Technology Scholar | PhonePe

November 2022 - December 2022

- Analysed payment transaction and ledger reconciliation data to support engineering decisions on transaction reliability and fraud detection.
- Built backend components using Node.js and MongoDB, working with structured data flows to streamline payment data management.

#### Summer Analyst Intern | Banaras Locomotive Works, Indian Railways

July 2022 - August 2022

- Evaluated more than 500 operational and logistics records to engineer workflow improvements, successfully automating manual data entry pipelines by approximately 40%.
- Collaborated directly with senior officers to test and validate redesigned operating procedures prior to regional implementation.

### EDUCATION

#### B.Tech in Electronics & Communication Engineering

Kamla Nehru Institute of Technology, Sultanpur

CGPA: 9.25/10

Graduation: May 2023

### LEADERSHIP PROGRAMS & CERTIFICATIONS

- Harvard Aspire Leaders Program, Aspire Institute (April 2026)
- McKinsey Forward Program, McKinsey & Company
- Leadership & Emotional Intelligence, Indian School of Business (ISB)
- Technical Product Management & Product Management First Steps, LinkedIn Learning; Aha! Product Management Certification
- Software Development Life Cycle (SDLC): Management & Implementation
- NPTEL Certifications: Communication Networks (Silver), Digital Circuits (Silver)
